HCS HBs 2432, 2482 & 2543 -- LOCAL HOMESTEAD PROPERTY TAX CREDITS

SPONSOR: Hausman

COMMITTEE ACTION: Voted "Do Pass with HCS" by the Special Committee on Property Tax Reform by a vote of 25 to 2. Voted "Do Pass" by the Standing Committee on Rules- Legislative Oversight by a vote of 7 to 1.

The following is a summary of the House Committee Substitute for HB 2432.

Currently, a county may grant a real property tax credit to qualifying seniors. A senior qualifies by being:

- (1) Eligible for Social Security retirement benefits;
- (2) The owner of record or having a legal or equitable interest in a homestead; and
- (3) Liable for the payment of real property taxes on the homestead.

This bill modifies the criteria for a qualifying senior by requiring that the eligible taxpayer be a Missouri resident who:

- (1) Is 62 years of age or older;
- (2) Is the owner of record or having a legal or equitable interest in a homestead as evidenced by a publicly recorded or a verified written instrument, including but not limited to a trust document in which at least one primary beneficiary is 62 years of age or older;
- (3) Is liable for the payment of real property taxes on such homestead; and
- (4) Does not owe any delinquent taxes, interest, or penalties to the county.

An eligible taxpayer will receive a tax credit in an amount that equals the difference between his or her real property tax liability for a given tax year from all taxing entities, minus the real property tax liability in the initial credit year.

The "initial credit year" is defined as either:
